Practice Monkeys
(Check them out!)

Practice Monkeys is LIVE online lessons for one low family price. For example, say Jim signs up for piano ($49/month). The whole family can take piano for one low price per program (i.e. piano and guitar lessons). Lessons take place in a group setting where students learn from each other, interact with each other, and receive immediate feedback. What is more, the students begin to develop community and notice when their classmates are missing or go on to the next level. Practice Monkeys is LIVE, fun, and community especially during the COVID lockdowns. Here at Practice Monkeys we believe that practice is at the heart of learning an instrument so we make practice as fun and as enjoyable as possible.
